l of the agenda for Thursday, April 27, 2023. Christine
Amy P. seconded the motion. The agenda was unanimously

ay, April 11, 2023, will be approved at the first meeting in the

Visible Vote:

50 Maritime Informatics – New Elective Course – Jordan
ned for approval; Christine seconded the motion. The vote was
tion.

00-EGL 301-EGL 302 - Revised Prereqs – Colin Dewey.
roval; Christine seconded the motion. The unanimous vote was
tions.

Revised Curriculum Roadmap – Alex Parker. Ariel motioned
seconded the motion. The unanimous vote was 7-Yes, 0-No,

40 Introductory Biochemistry – Course Revision – Steven
ed for approval; Christine seconded the motion. The unanimous
0-Abstentions.

10L Introduction to Oceanography Laboratory II – New
Amy P. motioned for approval; Kitty seconded the motion. The
Yes, 0-No, 0-Abstentions.

CCR 04/23-01 TEM 710 Technology Management – Course Revision – David Satterwhite. A letter of support for the revision was provided by Graham Benton and personal pronouns were removed in the assessment section. Ariel motioned for approval; Kitty seconded the motion. The vote was 6-Yes, 0-No, 1-Abstention.

CCR 04/23-02 FF 300 Advanced Marine Firefighting – Course Revision – Mike Kazek. Scott stated that he just took FF 300 through PACE a week and a half ago. He hopes that he and Mike can get together on the engine side and figure out where they might be able to add, earlier in the curriculum, the stability information that is necessary for FF 300, instead of MET and ME-L students having to wait to take FF 300 in their senior year, which is after senior cruise. Engine students need to be able to lead fire teams on cruise. Amy P. motioned for approval; Ariel seconded the motion. The unanimous vote was 7-Yes, 0-No, 0-Abstentions.

CCR 04/23-03 BA/IBL Revised Curriculum Roadmap – Nipoli Kamdar
Christine stated the four changes to the BA/IBL roadmap. 1. The 3-unit GVAR elective will count towards the 120-unit major requirement, replacing one of their 3-unit free electives, 2. HUM 400 Ethics will be replaced with an ethics elective that will also fulfill the Area C2 Upper Division requirement, 3. Students will be provided with the option of graduating with or without a concentration, 4. The swim class requirement has been removed but the swim test is still required. Ariel asked if it's in the CC's purview as a committee to judge swim requirements. Bets replied that we don't really know. We will work on that as a revision to our new CC policy next year for university-wide requirements. Ariel doesn't believe we can make that call this semester. Nipoli stated that GSMA dropped their swim requirement, and their new roadmap was approved. Bets asked for a motion to approve the first three changes to the BA/IBL roadmap. Scott moved to approve the motion; Amy P. seconded the motion. The unanimous vote was 7-Yes, 0-No, 0-Abstentions.

Discussion continued regarding the swim test. Bets asked Graham if he knows anything about the GSMA/ISS swim test issue. She
