The current citation count 647 for No Valid Permit Clearly Displayeds by far the highest of all citation counts listed in the attached spreadsheet. This proposed breakdown of one general category into three will provide more meaningful data whextracting citation counts in the future. Additionally, clarifying why the citation was issued in the first place will help minimize public confusion on the subject After discussion, Dinesh made the following tion:

Eliminate the 'No Valid Permit Clearly Displayed' violation type; in its place, add three new violation types ENO.De2nTit33icarlyIDiaplayed2, Te3snittfaxsiue28, and CiPeNDIDND>>ADDCWTe(i)-10(i)306 Tc 0.0
