

Business Continuity Plan Policy

Policy Number:	AF-09-007
Policy Administrator:	Vice President, Administration and Finance
Policy Initiator:	Director of Safety and Risk Management
Authority:	EO 1014 Business Continuity, EO 715 Risk Management Policy, EO 1069 Risk Management Policy EO 1056 Emergency Management Program
Effective Date:	January 2013
Revised Date:	January 18, 2018
Approved:	President Thomas A. Cropper
Approval Signature:	/s/

Purpose:

This policy establishes guidelines for an ongoing program that ensures continuity of essential functions and business operations following a potential catastrophic event.

Scope:

The policy shall apply to all employees, students, and visitors of the California State University Maritime Academy (Cal Maritime), including contractors and/or vendors engaged in work on behalf of Cal Maritime and its auxiliaries.

Accountability:

The Director of Safety and Risk Management is delegated with administrative oversight and
business Continuity Plan (BCP)

Procedures:

The BCP shall include, but is not limited to, Hazard Identification and Risk Assessment Control (HIRAC) and/or Business Impact Analysis/Risk Assessment (BIA/RA). The process shall include:

1. Functional testing and exercising
2. Maintaining and Updating as determined
3. Training the campus community
4. Retention of all related records
